students to respect nature, be conscientious in using natural resources, develop a positive attitude towards life, sportsmanship and confidence. </p>
        <p>Our curriculum is based on the guidelines from Central Board of Secondary Education (CBSE). We also incorporate a spectrum of co-curricular and extra-curricular activities into the schedule so as to assist the development of your child.</p>

        <p>For pre-schoolers, these activities include fine motor and gross motor activities. For older children, activities include Performing Arts, Fine Arts, Sports, Theatre, Story Telling, Project Based Learning, Sewa projects, IT based projects & programs, Beyond Classroom initiatives etc. The student-teacher ratio is low to enable individual care & attention for your child. We provide a 'Uniform system of assessment, examination and report card' which is aimed at standardizing teaching and evaluation across the entire school, as per the directives/ guidelines of the CBSE.</p>
